ARIA SANTA MARIA

WHERE HISTORY & HOSPITALITY EMBRACE

Aria Santa Maria is more than just a hotel—it is a living story, carefully restored to offer a unique stay in Santo Domingo's Colonial Zone. Housed in a historic 16th century building that once belonged to García de Aguilar, a treasurer of the first viceroy of the New World, the hotel pays homage to its past while embracing modern elegance.

With sixteen exclusive rooms, Aria Santa Maria provides an intimate and personalized experience. Guests begin their day with a delightful breakfast in the serene private courtyard, a hidden oasis where the past and present harmonize. For an unforgettable dining experience, the hotel's Greek restaurant, the first of its kind in the Dominican Republic, brings the flavors of the Mediterranean to the heart of the Caribbean.

A wide-angle photograph of the Aria Santa Maria hotel. The building is a large, multi-story structure with a mix of light-colored stucco and exposed brickwork. It features several balconies with black wrought-iron railings, some adorned with pink flowers. A prominent feature is a large, lush tropical courtyard in the foreground. The courtyard is paved with light-colored stone and contains a circular fountain with multiple water jets. It is surrounded by a variety of tropical plants, including several large palm trees and flowering shrubs. In the background, the building's architecture continues with more arched doorways and windows. The sky is a clear, pale blue.

From the moment you arrive, Aria Santa Maria invites you to experience curated luxury, historical grandeur, and a deep connection to Santo Domingo's heritage.

Each room is designed to offer a harmonious blend of heritage charm and contemporary comfort, preserving the building's colonial elegance while incorporating modern luxuries.
