VILLA SELENA

With views to the blue waters of the Aegean sea, hanging above a crystal clear beach and in the heart of the aristocratic area of Vaporia, with its neoclassical architecture and whimsical ambiance, Villa Selena is the perfect boutique hotel from which to discover the beauty of the island of Syros.

Five rooms and a suite, all with immediate access to the many common spaces of this neoclassical mansion, ensure a relaxed and luxurious stay. Revamped old furniture, crystal chandeliers, wooden floors, wall paintings, and silk screens designed especially for Villa Selena, all bring the island's old finesse as well as our contemporary comforts, straight into your room.

The villa also includes an enclosed, shady, and flowery yard that is in the heart of daily life in the hotel. With its bohemian ambiance and inviting day bed, next to the kitchen, is an ideal spot to enjoy our delicious, homemade breakfast or lay around with a book in hand.

The building is one of the oldest in the town of Hermoupolis, classified as a preservable monument and work of art of the early 19th Century neoclassicism of Syros. It is located in the old aristocratic district of Vaporia (that translates as 'ferries' because of the perfect view of ferries arriving and departing the island) and feels almost suspended above the world-famous blue sea of the Cyclades. Villa Selena was an elite private manor of its time, and the recent renovation of 2021 was meticulous in conserving the elegance and vigor of its authentic architectural style.

THE LOCATION

Syros is known for its architectural and cultural diversity. One part neoclassical, one part Cycladic, one part busy town one part agricultural, one part Orthodox one part Catholic, the island sprawls from one hill to another exhibiting a way of life that fits many different ones. Cobbled stone alleys and pathways for hiking, large neoclassical mansions and small Cycladic houses, villages, and beaches, tavernas and restaurants, old-style cafes and fun beach bars, music festivals, and painting exhibitions, you can find it all in this island of beauty and splendor.

Villa Selenia is located in the aristocratic area of Vaporia on Syros island. The villa is only a few steps away from Vaporia Beach and only 10 min walk from Hermoupolis, the Chora of Syros.
