PAFSILIPON SUITES

Imagine yourself relaxing on a terrace hovering between the clear sky of Cyclades and the Aegean Sea, blissfully gazing at the mesmeric sunrise. One of the reasons why the suites are named Pafsilipon; meaning the end of sorrow.

On the most prestigious district Vaporia in Hermoupolis, the capital town of Syros, Pafsilipon Suites welcome their guests in a world of exquisite charm and indulgence. Standing on the natural rim of an enchanting site, the Suites pay their respect to the minimalist style of Cyclades and promote comfort along with an inspiring merge of heartwarming colors.

The surrounded by water elements sundeck, located in the beautiful garden with a jacuzzi, sun loungers, and a dining table is the perfect place to enjoy your relaxing day with your loved ones. The lush garden, one of the few in the surrounding area of Vaporia, has direct access to a swimming platform that gives you the opportunity to dive into the blue waters of the Aegean Sea and to swim while you enjoy the iconic view of the Ermoupoli town.

An extra plus is that next to our garden there is a seafront All day Cafe Bar, an exceptional place to drink your morning coffee, literally in front of the sea.

Pets are welcome upon request.

THE LOCATION

The island of Syros is known for its architectural and cultural diversity. One part neoclassical, one part Cycladic, one part busy town one part agricultural, one part Orthodox one part Catholic, the island sprawls from one hill to another exhibiting a way of life that fits many different ones. Cobblestone alleys and pathways for hiking, large neoclassical mansions and small Cycladic houses, villages, and beaches, tavernas and restaurants, old-style cafes and fun beach bars, music festivals, and painting exhibitions, you can find it all in this island of beauty and splendor.

The background of the entire page is a light grey. Overlaid on this are several large, overlapping circles. One large circle in the center is dark blue with a subtle, swirling texture. Other circles are partially visible: one with a concentric line pattern in the top left, one with a radial line pattern in the top right, and one with a geometric, star-like pattern in the bottom right. All circles have a thin gold-colored border.
