Highlights

TEMPLE OF OLYMPIAN ZEUS

The Temple of Olympian Zeus is a magnificent ancient temple located in Athens, Greece. Built in the 6th century BC, it was dedicated to Zeus, the king of the gods in Greek mythology. The temple was considered one of the largest and most impressive temples of the ancient world, but unfortunately, today only a few columns remain standing. Despite its ruinous state, the Temple of Olympian Zeus still exudes an air of majesty and grandeur. Visitors can marvel at the towering columns that once held up the temple's massive roof and imagine the awe-inspiring sight that the temple must have presented to the ancient Greeks who worshipped there.

One of the most interesting aspects of the temple is its history. The construction of the temple began in the

6th century BC, but it was not completed until the 2nd century AD - almost 700 years later! The temple was so large and ambitious that many ancient Athenians believed it was impossible to complete, and it was only with the intervention of a Roman emperor that the temple was finally finished.

Despite its long history, the Temple of Olympian Zeus remains an important cultural landmark, attracting visitors from all over the world who come to marvel at its ancient splendour. Whether you're a history buff, a lover of architecture, or simply looking for a unique and unforgettable experience, a visit to the Temple of Olympian Zeus is sure to be a highlight of any trip to Athens.

KIMOLOS

Highlights LADENIA

Kimolos is a small Greek island located in the Aegean Sea, known for its pristine beaches, crystal-clear waters, and delicious local cuisine. One of the island's most iconic dishes is Ladenia, a savory bread that is a staple of Kimolos cuisine.

Ladenia is a traditional dish that is like pizza, but with a unique twist. The bread is made from a simple dough of flour, yeast, salt, and water, which is then topped with a delicious mixture of onions, tomatoes, olive oil, and herbs. The dish is typically baked in a wood-fired oven, giving it a crispy crust and a mouthwatering aroma.

Ladenia is a popular dish on Kimolos, with many

restaurants and bakeries offering their own unique takes on the recipe. Visitors to the island can enjoy Ladenia as a snack or a full meal, paired with local wine or a refreshing Greek salad.

Aside from its delicious cuisine, Kimolos is also known for its stunning natural beauty and laid-back island vibe. The island's beaches are among the most pristine in Greece, with crystal-clear waters and powdery white sand. Visitors can also explore the island's charming villages and ancient ruins, making Kimolos a must-visit destination for anyone looking for a true taste of Greek island life.

MILOS

Highlights

SARAKINIKO MOON LANDSCAPE

Milos, a stunning island located in the Cyclades group of Greece, is known for its picturesque villages, crystal-clear waters, and unique geological formations. One of the most famous of these formations is the Sarakiniko moon landscape, a breathtakingly beautiful and otherworldly landscape that draws visitors from all over the world. The Sarakiniko moon landscape is a white, lunar-like terrain that was formed by the natural erosion of volcanic ash and rock. The landscape is characterized by its white cliffs, pumice formations, and crystal-clear turquoise waters, making it a popular spot for swimming, sunbathing, and taking stunning photographs. In addition to its natural beauty, the Sarakiniko moon

landscape also has a fascinating history. In ancient times, the area was used as a port for the transportation of goods, and it was also a favorite spot for pirates to hide their ships. Today, visitors can still see the remains of ancient stone structures and the old shipwrecks that dot the coastline.

Whether you're a lover of natural beauty, a history buff, or simply looking for a unique and unforgettable experience, a visit to the Sarakiniko moon landscape in Milos is sure to be a highlight of your trip. MYKONOS

Highlights WINDMILLS

Mykonos, a beautiful island in the Aegean Sea, is known for its stunning beaches, crystal-clear waters, and vibrant nightlife. But one of the most iconic and picturesque features of Mykonos is its collection of traditional windmills that dot the island's landscape.

Built in the 16th century by the island's Venetian rulers, the Mykonos windmills were used to grind wheat and barley into flour. At their peak, there were as many as 28 windmills on the island, but today only a handful remain standing. Nevertheless, they remain an important cultural and architectural landmark of Mykonos.

The Mykonos windmills are especially beautiful at sunset, when their white-washed walls and wooden sails are

silhouetted against the orange and pink hues of the sky, creating a breathtaking scene. Visitors to the island can take a stroll along the coast to see the windmills up close and to enjoy the stunning views of the sea and the surrounding countryside.

Whether you're a history buff, an architecture enthusiast, or simply looking for a picturesque and memorable experience, a visit to the Mykonos windmills is a must-do activity on your trip to the island. NYKTERI & VINSANTO WINES

Santorini, one of the most stunning islands in Greece, is known for its breathtaking views, romantic sunsets, and delicious local cuisine. Among the island's culinary specialties are its Nykteri and Vinsanto wines, which have been produced on the island for centuries.

Nykteri is a dry white wine made from the Assyrtiko grape variety, which is grown exclusively on the island's volcanic soil. The wine's name comes from the Greek word for "night," as the grapes are harvested at night to avoid the heat of the day. The result is a wine with a complex flavor profile, featuring notes of citrus, minerality, and a hint of salinity.

Vinsanto, on the other hand, is a sweet dessert wine made from sun-dried Assyrtiko, Athiri, and Aidani grapes. The grapes are left to dry in the sun for several weeks before being pressed, creating a rich, caramelized flavor with hints of dried fruit and honey.

Visitors to Santorini can learn more about the island's wine-making traditions by visiting one of the many local wineries, where they can sample the Nykteri and Vinsanto wines and learn about the production process. With their unique flavor profiles and rich cultural history, Santorini's Nykteri and Vinsanto wines are a must-try for any wine lover or food enthusiast visiting the island.

Highlights LOUKOUMIA

Syros, one of the lesser-known Cycladic islands, is a hidden gem in the Aegean Sea. One of the island's most popular culinary specialties is Loukoumia, a sweet treat that has been enjoyed on the island for centuries.

Loukoumia are soft, chewy candies made from sugar, water, and cornstarch. They are often flavored with rosewater, mastic, or lemon juice and dusted with powdered sugar. The candies are like Turkish Delight and are a popular dessert or snack in Greece.

To make Loukoumia, start by combining sugar and water in a saucepan and heating the mixture over medium heat. In a separate bowl, mix cornstarch with water until smooth. Once the sugar mixture comes to a boil, slowly add the cornstarch mixture, stirring constantly. Continue stirring until the mixture thickens and begins to pull away from the sides of the pan.

Next, add your desired flavoring (such as rosewater or lemon juice) and pour the mixture into a greased baking dish. Let the mixture cool to room temperature before cutting into squares and dusting with powdered sugar. Visitors to Syros can sample these delicious candies at local bakeries and sweet shops. Loukoumia make a perfect souvenir or gift to bring back home, or a sweet treat to enjoy while exploring the island's beautiful beaches and charming villages.

Ingredients

2 cups of Sugar
1 1/2 cups of Water
1 cup of Cornstarch

PATMOS

ONAR PATMOS Plaki

With amazing sea views, Onar Patmos consists of six independent traditional properties that are built within a plot of land of 8,000 square meters. It is surrounded by a richly outdoor area with kiosks for moments of relaxation

and tranquility under the blue sky of Patmos. These six dream houses are named after the Nymphs of Greek mythology, known as water goddesses: Melia, Amalthea, Volina, Kastalia, Neda, Aora. Surrounded by

lush gardens of trees, flowers, aromatic herbs, fruit, and vegetables, “the houses of the Nymphs” can become a special retreat for guests who want to experience the authentic Mediterranean summer.

To complement it all, a small, white-washed church at the top of the hill in full harmony with the landscape is proudly gazing at the horizon of the Aegean Sea, adding a note of calmness and spirituality.

THE MONASTERY OF SAINT JOHN THE THEOLOGIAN

Patmos, a small Greek island in the Aegean Sea, is known for its natural beauty, serene atmosphere, and religious significance. At the heart of the island lies the Monastery of Saint John the Theologian, a UNESCO World Heritage site and one of the most important religious sites in Greece.

The Monastery of Saint John the Theologian was founded in the 11th century and is located on a hill overlooking the island's capital, Chora. The monastery's impressive architecture, including its fortified walls and watchtowers, reflects its strategic importance during the Ottoman period.

Visitors to the monastery can explore its various buildings, including the main church, chapels, and museum.

The monastery's museum houses a collection of rare manuscripts, religious artifacts, and icons, many of which date back to the Byzantine era.

The monastery's main church is a breathtaking example of Byzantine architecture, featuring stunning frescoes, mosaics, and marble columns. The church's highlight is the wooden iconostasis, which is adorned with intricate carvings and gilded details.

Aside from its religious significance, the Monastery of Saint John the Theologian is also a place of quiet contemplation and reflection. The monastery's serene atmosphere, combined with its stunning views of the Aegean Sea, make it a must-visit destination for anyone seeking peace and tranquility on their travels.

NIKOLAOU RESIDENCE

Aegina Town

The painter Nikos Nikolaou and his wife Angela settled in Aegina in 1964, and their home became a regular haunt for art lovers and intellectuals. Renovation work began in 2019, with the refurbishment of the house and grounds

and the creation of five guesthouses. The renovation was carried out with respect for the history of the painter and his wife, retaining the atmosphere of warm hospitality for which the house was famous.

The surrounding space is instrumental in the feeling of serenity that visitors get from the very first moment. Pistachio, fig and olive trees and rosemary bushes swathe in scents and colours the main residence and the

outbuildings. Guesthouse residents have access to all communal areas and can enjoy the sunset sitting on the stone benches where the Aegina 'gang' used to meet every afternoon: Nikolaou, Moralis, Kapralos, Elytis, and others.

AEGINA PEANUTS (PISTACHIOS)

Aegina, a beautiful island located just a short ferry ride from Athens, is known for its picturesque beaches, charming villages, and delicious local cuisine. One of the island's most famous culinary specialties is the Aegina peanut, a small, flavorful nut that is beloved by locals and visitors alike.

The Aegina peanut is grown exclusively on the island and is renowned for its distinctively sweet and nutty flavor. The peanuts are harvested by hand in the autumn and are then roasted and packaged for sale in local shops and markets.

In addition to their delicious taste, Aegina peanuts are also

rich in nutrients and are a great source of protein, healthy fats, and fiber. They are a popular snack for both locals and visitors and can be enjoyed on their own or used as an ingredient in a variety of recipes, including desserts and savory dishes.

Visitors to Aegina can learn more about the island's peanut farming tradition by visiting the local peanut farms, where they can see the harvesting process and sample freshly roasted peanuts. Whether you're a food lover, a health enthusiast, or simply looking for a tasty and unique souvenir to bring back home, Aegina peanuts are a must-try delicacy that is sure to delight your taste buds.

EXPLORE THE BRIDGES

Zagorohoria is a region in northwestern Greece, known for its picturesque villages, stunning natural scenery, and iconic stone bridges. Two of the most famous bridges in the region are the Kokkori and Plakidas bridges.

The Kokkori Bridge, also known as the Noutsos Bridge, is an ancient stone bridge that spans the Voidomatis River. Built in the 18th century, the bridge is a masterpiece of traditional Greek stone bridge construction. Its arches and towers, made of local grey stone, create a striking contrast with the lush greenery surrounding it. The bridge is a popular destination for tourists and locals alike, offering stunning views of the surrounding landscape and access to nearby hiking trails and water sports.

The Plakidas Bridge, located in the village of Kipoi, is another impressive example of traditional stone bridge construction in Zagorohoria. Built in the 18th century, the bridge features a unique design that includes a series of arches and small towers. The bridge is surrounded by lush greenery and offers a peaceful atmosphere for visitors to enjoy.

Both the Kokkori and Plakidas bridges are important landmarks in the region, showcasing the rich history and culture of Zagorohoria. They are must-see destinations for anyone visiting the area and offer a unique glimpse into the traditional architecture and engineering of Greece's past.
